BATTING 2ND _____

PAIR 1	PAIR 2	PAIR 3	PAIR 4	PENALTY	TOTAL

RESULT (WON BY X RUNS / TIE) _____ PLAYER OF THE MATCH _____

2 BOWLING

Just overs, runs conceded and wickets. Run outs don't count as wickets for the bowler. Bowlers: min 2, max 4 overs each, at least 7 bowlers. No bowler bowls two overs in a row.

TEAM BOWLING 1ST

3				
4				
5				
6				
7				
8				

3 SUPER OVER (ONLY IF THE SCORES ARE LEVEL)

Side that batted 2nd bats first. Any one pair bats, one bowler bowls 6 balls. Normal ATL scoring plus final over extras (3rd wide onwards +4, last-ball no-ball +4, no free hit).

TEAM	BOWLER	1	2	3	4	5	6	OUTS	BOUNDARIES	TOTAL

If the Super Over is also tied, the winner is decided in this order:

1. Fewer dismissals in the Super Over
2. Most boundaries in the Super Over
3. Most sixes in the Super Over
4. A second Super Over

4 SCORER'S QUICK GUIDE

One box per delivery, always 6 boxes per over. Wides and no-balls are never re-bowled, so every over is exactly 6 boxes.

Wide (Wd) +2 to team and striker. **No-ball (Nb)** +2 plus any runs off the bat, all to the striker. Write e.g. **Nb4**. Next ball is a **Free hit**: write **FH** in the corner of the next box. A wide or no-ball on a free hit keeps the free hit going.

Byes and leg byes go to the team only. Overthrows are simply included.

Dismissal (W) = −5 to batter, pair and team. Batters swap ends (run outs: see below). Batters also swap ends at the end of every over. Write how: b, c, lbw, st, hw.

Run out (RO) = −5 flat. No runs count on that ball, even if they had completed 2. Not credited to the bowler. Still applies on a free hit. **Strike:** whoever is standing at the striker's end faces next.

Stumped off a wide = −5, no wide runs. Write **St·Wd**. Counts for the bowler.

Double Trouble (DT) = −2. Same batter, 2 dead dots in a row (no run, no extra, no wicket). Batters swap ends. Count resets after any run, extra or dismissal. No DT on a free hit.

Free hit: only a run out counts. A free hit still due when the innings ends is lost.

Final over (over 20 and the Super Over, both innings): wides 1 and 2 are +2, the 3rd wide onwards is **+4**. A no-ball on the last ball is **+4**, no free hit.

Fair play: the umpire can award 5 penalty runs for each deliberate wide or no-ball. Note them in the footer box.

Each over: Runs (everything scored, incl. extras), Outs, DT, then **Over net = Runs − 5×Outs − 2×DT**, then add to the running Total. Scores can go below zero: write the minus sign.

Check at each pair change: the running Total should equal the pair totals added up. Compare with the app if it is running.
